## Original Mount Vernon High School (OMVHS)

- The redevelopment work includes renovations and adaptive reuse of the historic high school and related site work. Includes ADA accessibility; exterior, windows, and roof work; upgrading the mechanical, plumbing, and electrical systems; and upgrading utilities.
- The overarching vision for the redevelopment is to leverage the former high school to build communities of opportunity, create career pathways, connect different generations and better integrate residents into the economy. The renovated high school will be suitable for educational, childcare and childhood education programs; art, recreational, and life skill training programs; and innovation and business incubation spaces.
- Currently in design; construction starts 2023; complete in 2025
